ORDERING INFORMATION

The Model 852 can be ordered from this data sheet with a variety of alternate characteristics, as shown above. For most rapid service on your order, please state:

852	1	3	XXX
MODEL	MOUNTING	RESISTANCE OF EACH SECTION	NUMBER OF SECTIONS IN GANG
		Beginning with the section nearest the mounting end	
	1. Servo 2. Screw 3. Bushing		

Example: Model 852, Screw, 15K/1500Ω/50Ω, 3 section

Example: Model 852, Bushing, 10K, single section

Example: 852 - 1 - 3 - XXX

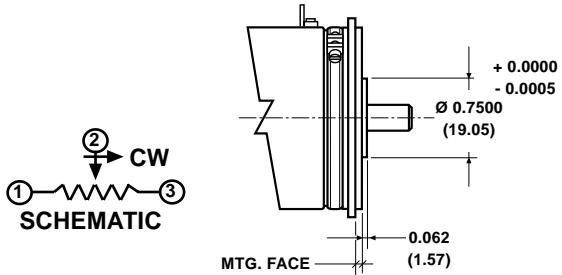

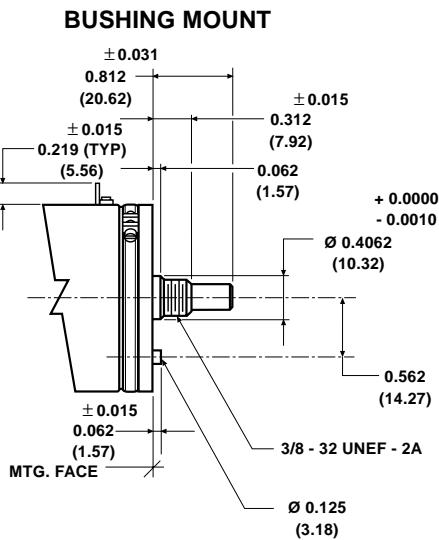

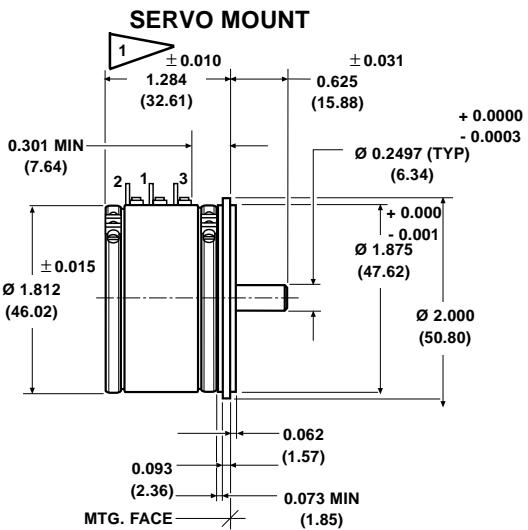

Other characteristics will be standard as described on this data sheet. If special characteristics are required, such as: special linearity tolerance, special resistance tolerance, extra taps, non-linear functions, etc., please state these on your order and allow additional lead time for delivery.
